

SAFETY NOTICE

MAGNETIX Magnetic Building Sets

Tiny magnets inside the plastic building pieces and rods can fall out. Magnets found by young children can be swallowed or aspirated. If more than one magnet is swallowed, the magnets can attract to each other and cause intestinal perforation or blockage, which can be fatal. This product is unsuitable for young children.

Consumers should stop using the magnetic sets and return them to Rose Art for a free replacement product suitable for young children under the age of 6.
